lost-ness hypertext maps

putting things away

clumping things index

(everything is flying all over the place)

between ::: two call numbers ::: excerpts

woven together ::: nearest neighbor synthesis

the sentence ::: one book

trampling averaging generative collapse

corbie ::: trying to make sentences to keep

up

the writing center(!)

correcting the papers

the library

the sculptures

the labor

the pathfinders

representation surrogates

the shelves used to be more one-to-one

with the card catalog index

(with some hard-to-find ILS thrown in)

it has grown out of phase ::: a historial

collection in amber ::: the tip of the

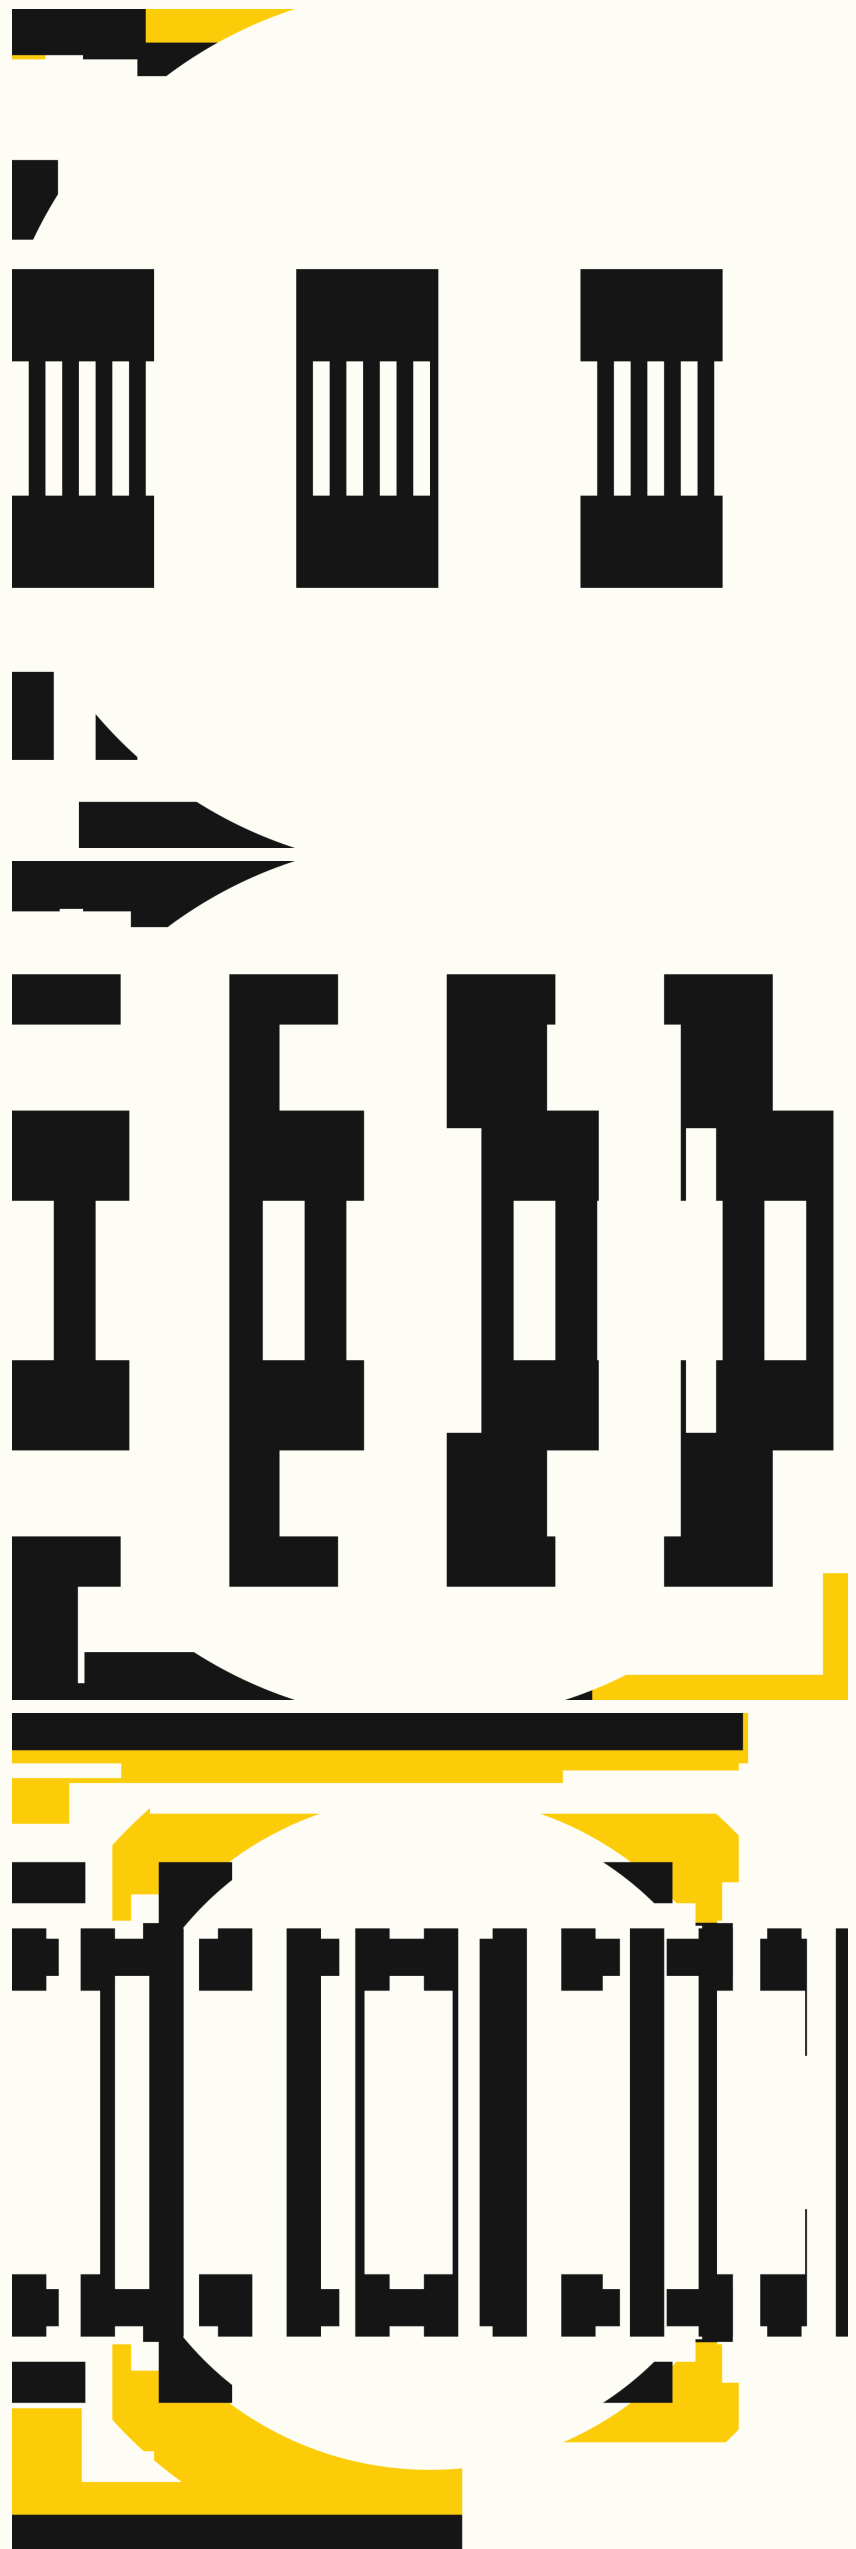

iceberg

add arms to the shelves ::: bring to life the

octopus ::: insert visible representations of

the vast rhizomatic underground :::

the cloud of electronic things

project keywords #2 :::

citation | relational knowledge

reading | thinking | clambering (index cards
of thesaurus entries)
(photo)synthesis | mineralization

the sentence ::: generative text | against
LLM convergence (a possible future) ::: popup
books in flatland ::: dimensional | matrix
resistance

circulation | floodplains | churn

prayerful computation | code | writing as
translation/(en)coding
conjuring

the bindery ::: printouts books artifacts
geologies production(!)

LLM AI textmageddon

averaging spiral of doom

generative text + mysterious algorithmic
convergence
trampling averaging generative collapse
strange skewed shallow time capsule of human
history
in the end
one book (& "this book would be thick enough
to stun an ox" - laurie anderson)
::: one sentence ::: the letter e
amidst this sea
corbie ::: urgent mission
make more hand-wrought sentences
complicate disrupt make
popup books in flatland :::
building a dimensional | matrix resistance
card catalogs drawers

circulation | floodplains | churn
colliding velocities
eddies flooding
shifting sands erasure
library hydrology

the topology of information
time & space
near/far metrics
pathways relational joins
defining personal local disciplinary
neighborhoods
(not just LLM nearest pixel most likely next
word)
mapping scaffolding
lost-ness hypertext maps
putting things away
clumping things index
(everything is flying all over the place)
browsability
nearest neighbor synthesis

the bindery ::: printouts books artifacts
